## Isolated and needing support?

Corona virus is creating challenges for everyone.

Volunteers in the community are willing to help, including individuals, members of the management committees of your local organisations and a voluntary support organisation called Helping Hands Bramhall.

We can try to find you help with:

- Food shopping
- Collecting prescriptions
- Posting mail
- Pet walking
- A friendly phone call

We have set up a dedicated email address and phone line for you to contact if you need us to find you help.
