Dear Ms Chase,

Reference: DC/076114

Proposal: I would like to build a summer house at the far end of my garden approx 10m wide, 4m deep and 2.4m high. The construction will probably be a double skin block wall on a concrete strip foundation with an insulated cavity, then rendered or wooden clad. The roof will probably be an EDPM covering with a living roof finish. The greenhouse will be approx 3mx6m and have a concrete base and a brick built dwarf wall.

Location: 130 Moor Lane, Woodford, Stockport, SK7 1PJ
