20th April 2021

For the attention of the owner/occupier

Dear Neighbour,

Poynton Relief Road – Notification of Chester Road Traffic Management

As the Principal Contractor working with Cheshire East Council and Stockport Borough Council on the Poynton Relief Road project, we would like to inform you we will be imposing traffic management and switching traffic to a temporary single lane carriageway on the north side of Chester Road.

Important information

The traffic management will commence on **Monday 26th April** with the installation of 2-way traffic lights to enable service diversions on the north side of Chester Road adjacent to our site. Following the completion of the service diversions, traffic will be switched to a newly constructed temporary single lane carriageway and managed by 2-way traffic lights.

The temporary carriageway will remain in place for approximately 12 months and is essential to facilitate the ongoing construction of the new Chester Road overbridge, including the completion of the wingwalls and abutments.

We are aware of the affect traffic disruption has on our neighbours and local community, so will only be imposing the traffic management and the use of the temporary carriageway for as long as is necessary.

Please note the works are subject to weather conditions and any changes in Government COVID-19 restrictions.

COVID-19 Safe working practice

The site is rigorously adhering to social distancing regulations, and daily briefings are conducted to reinforce safe working procedures for the welfare of our staff and members of the public.

GRAHAM is Partner Members of the Considerate Constructors Scheme. This scheme aims to improve the image of the construction industry by following a Code of Considerate Practice which covers several things including site safety and considering the impact of works on the local community. You can find more information about it online: www.ccscheme.org.uk
